 - Elite Language Academy (ELA) expects its students to be honest in all of their course work and activities. Breaches of academic honesty include cheating, plagiarism, and misrepresentation, bribery, and the unauthorized possession of examinations, papers or other class materials that have not been formally released by instructors. A student's academic work must be the result of his or her own thought, research or self-expression
 - Cheating includes, but is not limited to: copying the work of another person ([plagiarism](#)) or permitting your work to be copied by another person, discussing test answers or questions with people who have not completed the test, distributing assignment materials to other students, possessing course materials that have not been formally released to students in the course, and collaborating on the completion of assignments not specifically designated in the syllabus as being group projects.
 - Cheating will be considered a breach of ELA's Code of Conduct Policy: Breaches of Elite Language Academy's policy on academic honesty may result in academic penalties and/or disciplinary action. AT the discretion of the instructor, academic penalties may include, but are not limited to, a failing grade for a particular assignment (0 points; 0%) to a failing grade for the course, depending on the activity. In addition, the instructor or another BC employee may refer a student to the Dean of Student Affairs for student disciplinary action in accordance with the [BC Student Handbook](#). Such discipline may include suspension or expulsion from the College.
- **Critical Event Procedure:**
 - If there is major event that might impact class schedules, the instructor will post an announcement indicating what changes, if any, the event will have on the course schedule and due dates.
- **Copyright:**

Student Success Tips

In order to be successful in this course, you need to be organized and manage your time well so that you can complete all assignments, lessons, practices, and assessments **on time**. You will need to devote at least 14 hours per week to complete the learning activities required in this course. Make sure that you do not allow yourself to procrastinate, and that you communicate with the instructor or your classmates, via email, if you have any questions on any course materials or need assistance completing any assignments.

- Practice, practice, practice! – Watch all e-classes and virtual meetings to complete all required assignments. You have control over your learning. You can redo all the academic work, as many times you need!
- Self-monitor – Listen to yourself when you speak. Also, edit and revise your writing during and after you've finished. Check for errors and make corrections. Go over the instant feedback!
- Ask for correction – If you're not sure about something, please ask the professor. Never be defensive or embarrassed about making mistakes. Complete your Writing I online lab for extra support.
- Write down new words – In your I-pad/I-Phone/notebook, you should have a section for new vocabulary terms (or a separate e-notebook/hard copy note pad just for vocabulary). When you encounter a new word, write it down. Practice spelling by writing/by typing each new word five times.
- Join the community – Language is not learned exclusively in a classroom. You must use the language outside of the classroom, either formally or informally. Have fun! Enjoy the learning process! Join a community organization, a study group, or find a job where you have to use English. This step is critical; you will not succeed without it!
